

ANTENNA!

A Publication of the Regina Scale Modellers

Tiger Meet CF-18 (Moose Jaw Air Show, July 6, 2003)

From the Back Seat!

Greetings one and all! Well, I think we're about half way through what has to be one of the best summers for weather that I can recall. Like everything else, that's a double edged sword-when the weather is nice you want to spend your time outdoors golfing, biking, etc. That doesn't leave much time for the all-important modelling though. I found a way around that one too! We recently picked up one of those big screen tents and set it up in the back yard. Plenty of shady bug free modelling space now! I even dragged our TV out there yesterday so I could watch the PowerBlock, model AND enjoy the great outdoors at one time! Your president is no dummy.

I would like to thank Ron Gall for assuming the presidential position for the next term and I'd like to welcome Curfew & Leith as father & son secretary treasurer. Let's make their jobs as easy as possible by paying our dues ON TIME. Although these guys have been kind enough to step up to the plate for those positions we still need a vice president and a newsletter editor. Let's have someone that hasn't been on the executive yet-its starting to look like a dick-tatership around here!

We also need sponsors for the Expo-please help out by harassing your local businesses or even sponsor one or two on your own. Talk to Len about that. Let's get these posters up so we can have another successful show!

Hope you all are having a good summer-see you at the meeting!

Dave Kapp, Da Prez .. but not for much longer!

MOOSE JAW AIR SHOW 2003

By Len Schmidt

On behalf of the club I would like to thank Ryan Johnson and the Moose Jaw Air Show Committee for allowing us to take part in this year's show. I would also like to thank the following RSM folks for assisting with the display (set-up, teardown, contributions to the display, etc): Frank Turgeon, Rob Wheeler, Dave Porter, Patrick Elkington, Gord MacDonald, Kevin Krienke, Michael Evans, Neil Hill, Dave Schmidt, Marlon Schultz, and Lyle Frost.

This year we were set up in the arena, along with the Canadian Aviation Historical Society, as the hangars were unavailable. The day was quite windy and cool to start with, as well as partly cloudy. As the day progressed it got a bit warmer, but the wind and clouds stuck around for most of the day. The Skyhawks parachute team was unable to do their jump due to the high winds (someone commented that they would have had to jump at the Alberta border in order to land at Moose Jaw due to the wind!).

As far as our display went, we had a good mix of aircraft (and a few spacecraft). The theme of the display was the 100th Anniversary of Flight, and we had a good mix, starting with a couple of Wright Flyers brought out by Gord. As usual we received requests from the public for aircraft that we happened not to have on hand (Sterling bomber, Amelia Earhart's Lockheed Electra, etc), but we had a very good mix never the less. We had a good number of people check out our display, even though we were a bit out of the way. Special kudos go out to our club "Pied Piper" Kevin Krienke, who helped "lure" people in with his remote controlled Tiger tank. (Or would that be forced in at gunpoint?).

I did not get to take in much of the flying performances (just saw the P-51 and an A-10

just back from Iraq), but some of the highlights of the static displays for me were the P-51 Mustang (Dakota Kid II) and a number of CF-18's, including one in a Tiger Meet scheme, on in the colours of the AETE, one with tail markings commemorating the 100th Anniversary of Flight, as well as a few "regular" CF-18's. Also in attendance was a T-33 also in AETE markings, a USAF T-38, some gyrocopters, a Harvard, the current Hawk and Harvard II trainers from the base, and a whack of other stuff I did not get a chance to take a look at. Hopefully some pix of the air show will be turning up on our website soon.

We don't have any exact numbers of the attendance at the show, but we heard somewhere that the crowd was about 15,000, which is not bad considering the crummy weather. Hopefully the show will return next year.

NEWS FROM HERE!

RSM EXECUTIVE

The club's elections were held at the June regular meeting. Following are the results:

President	Ron Gall
Vice President	open
Secretary / Treasurer	Curfew & Leith James
Newsletter Editor	open

Due to the fact that both the Vice Presidency and the Newsletter Editor positions are still vacant, these will be filled (hopefully) at the August meeting. Currently Len Schmidt has agreed to get the newsletter out for the August meeting, but we will need someone to take over after that.

The new Executive takes over officially at the September meeting.

CLUB CONTEST

This year the annual Club Contest is being held at the September meeting. Some have bemoaned the fact that we are actually having 2 contests (Club and Expo) in the same month.

The reason the executive moved the Club Contest to the September meeting was to use it as a ramp-up for the judges for Expo. At the Majestics contest a new judging system was tried in order to address some concerns from past contests. The new system seems to be working OK according to Ron and the car guys, so it was decided to use it at Expo as well.

The Club Contest is open only to paid members of RSM. Up for grabs again this year is the artist prints for Best Armour, Best Aircraft and Best Automotive. The winners will get to hang these on their walls until the next Club Contest rolls around. Each winner of these awards also gets a commemorative plaque to keep.

PAINT RE-CYCLE DAY (Saturday, Aug.16)

Due to the great success of last year's event held at the Southland Mall, in which we set the record for the most amount of paint collected, the City of Regina has again asked us to take part in the August event.

On behalf of the club the executive has agreed to be one of the hosts for the August 16th re-cycle day held at the Southland Mall. One of the perks in helping out is that not only do we get coffee and donuts, but we get dibs on any good paint we find before it goes for recycling!

Anyone that would like to take part or would like more info, please check with Ron or Dave Kapp.

MEMBERSHIP DUES!

A reminder to everyone that the September meeting is the deadline for membership renewals for the upcoming modelling season. If you are unable to make it out in person to renew your membership, please mail your cheque (payable to: Regina Scale Modellers) to:

Ron Gall, 2454 Wallace Street, Regina, SK,
S4N 4B3

Membership Dues (Annual)

Regular (Adult and Intermediate) - \$24

Junior (Under 16) - \$8

Subscription* - \$14
